

Launch of the new SEND Local Offer website- SENDLO

We are pleased to inform you that as of 18/09/23 the new and improved SEND Local Offer website. SENDLO, as it is called, has been launched. It has been co-produced by a big pool of stakeholders including SEND Parents, Carers and young people.

What is a SEND Local Offer?

Each local area has a duty to publish information relating to the SEND services on offer regarding Health, Education and Social care. The idea being everything is in one place to help our SEND families navigate their way and be signposted to the advice and information they need to support their children and young people from birth up to the age of 25. News items and details of What's On locally are also important, as is the option to get in touch to share feedback and suggest content.

Please share your ideas, article suggestions, events information and, of course, sign up for the regular newsletters. This is quick and easy to do via the SENDLO website.
